About

I'm a 22-year-old Junior Developer. I have the ability to work on multiple tasks at the same time, keeping myself organized and focused to deliver the activities. I constantly seek to improve my skills and knowledge in technology to contribute to the projects I work on.

I hold a degree in Computer Science and aim to gain practical experience in the market and expand my knowledge in the field of development. I am eager to contribute with my technical ability and commitment to teamwork to achieve challenging goals. Thank you for the opportunity to present my profile and I am available for further clarification.
